Please understand the following:

- 1) We are not a standard banquet facility. Our Museum houses operational airplanes, historic items, and a B-17 restoration. Aircraft maintenance and restoration work is always being done in and around the facility. Every effort will be made to accommodate your group, but safety comes first.
- 2) No open flames in the hangar - Sterno serving dishes must be used in the kitchen or library areas only. Electric heaters may be used in the hangar.
- 3) The Museum has objects in the work area that may poke you, trip you, cut you, and burn you. Also, oil is a constant presence on the hangar floor as it drips from the radial engines and creates a potential slip hazard. We do our best to reduce these dangers, but they are real, and your group enters at their own risk.
- 4) Re-arranging aircraft or maintenance work to accommodate a better event layout may not be possible. Visitors, Volunteers, and Museum staff will be in the building during your event, especially if the event occurs during normal Museum hours (Tues – Sat 10am-4pm).
- 5) Free parking available in the Museum parking lot and in the grass along the Museum driveway. You may load/unload through the hangar doors with Museum personnel supervision. **Parking is not permitted on the ramp or the grass behind the Museum.**
- 6) **First Aid Kit and AED Defibrillator are located near the restrooms in the Restoration Workshop.**
- 7) We do not have staff like at a banquet hall, thus you are responsible for your event set-up and tear-down. Ladders are available for your event set-up if needed, please find Museum Staff or Volunteers if you need a ladder - **Do not stand on the top rung of the ladder. Set-up must occur the day of your event and may be subject to Museum operations. Tear-down and clean-up must occur directly after your event ends.** Museum trash cans and trash bags are available for your use, however, you must gather your filled trash bags and dispose of them after your event in the airport dumpster located outside the Airport Café.
- 8) We have an assortment of tables and chairs which you may use at no cost, but you must set them up and take them down. We do not have linens, tableware, or any food service type items. A breakroom with a sink, microwave, refrigerator, and counter space is available at no cost, but must be left clean.
- 9) **Rental: __ Central area of Hangar, up to 450 people: \$850 - \$2,000/day (based on event needs)**
 __ **Library/Conference Room, up to 60 people: \$200/day**

Options you may add at additional cost (all items depend on scheduling and availability):

- __ Museum hires a cleaning crew for tear-down and clean-up: \$250
- __ B-25 Bomber cockpit and nose open for tours during event: \$250
- __ B-25 Bomber Fly-Over (daylight hours, weather permitting): \$1,500

10) Non-refundable deposit of \$200 for the Hangar **OR** \$50 for the Library/Conference room is required to hold a date. **Full remaining payment must occur prior to the event date.**
